TITLE INDEX

C

Career selection factors among second year post-doctoral pedodontic students, Robert E. Primosch, No. 4, p. 322
The composition of subgingival microbiota in the mixed dentition as seen by phase contrast microscope, M. Consuelo Sanchez, No. 3, p. 225
Controversies in periodontal microbiology, Paul N. Baer, No. 2, p. 155

D

Dental care for the institutionalized retarded individual, Joseph P. O'Donnell and M. Michael Cohen, Sr., No. 1, p. 3
Determining the caries-at-risk child: Part I, Sergei Kolmakow, Viljo Nyyssonen and Eino Honkala, No. 1, p. 58
Determining the caries-at-risk child: Part II, Sergei Kolmakow, Viljo Nyyssonen and Ilkka Paunio, No. 1, p. 67
Determining the caries-at-risk child: Part III, Sergei Kolmakow and Marjatta Puranen, No. 4, p. 312.
Diagnosis and treatment of juvenile periodontal disease, Stuart R. Epstein, No. 1, p. 39
Double teeth: The incidence of gemination and fusion, A. Ruprecht, S. Batniji and E. El-Neweihi, No. 4, p. 332

E

An early approach for the interception of skeletal open bites: A preliminary report, Meropi N. Spyropoulos, No. 3, p. 200

Effect of surface preparation on the bond strength of thermoset resins to stainless steel, Wayne T. Tofukuzi et al, No. 1, p. 77
Effectiveness of posterior crossbite correction during the mixed dentition, Peter D. Purcell, No. 4, p. 302
Epidermal nevus syndrome: Report of a case with oral involvement, Sherri Y. Dunbar, John E. Fantasia and Arthur S. Miller, No. 2, p. 169

F

Fixed inclined plane correction of anterior cross bite in the primary dentition, Theodore P. Cross, No. 1, p. 84
Forensic aspects in pediatric dentistry, Franklin Garcia-Godoy, No. 1, p. 100
Functional disorders of the stomatognathic system: Part I-A review Anthi Tsamtsouris, et al, No. 3, p. 179

G

Generalized odontodysplasia, Oariona Lowe and Donald F. Duperon, No. 3, p. 232

I

Immunizations and the role of the pedodontist, Lance E. Kisby, No. 2, p. 159
The incidence of transposition of teeth in dental patients, A. Ruprecht, S. Batniji and E. El-Neweihi, No. 3, p. 244

L

Longitudinal radiographic evaluation of the progress of caries under sealants, Stanley L. Handelman, Dennis H. Leverett and Howard P. Iker, No. 2, p. 119
Lost in a pivotal time period-Part I, George E. White, No. 3, p. 528
Lost in a pivotal time period-Part II, George E. White, No. 4, p. 354
The matrix band segment for class II restorations, Theodore P. Croll, No. 2, p. 148

N

A new technique sequence for approximating a stainless-steel crown and a class II amalgam, Susan A. McEvoy, No. 3, p. 250

P

Partial pulpotomy following complicated crown fracture in permanent incisors: A clinical and radiographic study, Hortense Klein, et al, No. 2, p. 142

Pediatric orthodontics: Quality and sufficiency of treatment, Leonard J. Carapezza, No. 2, p. 107

The peripheral giant cell granuloma, Paul N. Baer, No. 4, p. 351

Prepubertal periodontitis: Report of a generalized case of the primary dentition, Robert A. Boraz, No. 2, p. 165

Radiographic considerations in pedodontics, Patricia M. Hanlon, No. 4 p. 285

Radiographic observation of tooth protection from demineralization by sealants, J. G. Stannard and B. K. Walgren, No. 2, p. 127

The relationship between gingival inflammation and its protein composition, George Schacterle, Mark Zaydenberg and Robert Carrel, No. 3, p. 218

Repair of root fractures, Anthi Tsamtsouris and Chih-Ming Ko, No. 4, p. 344

S

Symptoms of TMJ dysfunction: Indicators of growth patterns?, Joseph M. H. Dibbets, Leo Th. van der Weele and Adrie K. J. Uildriks, N. 4, p. 285

T

Temporal patterns of the behavior of young children in the dental chair, Philip Weinstein, Tracy Getz and Peter Domoto, No. 3, p. 188

Traumatic inpaction of a maxillary primary incisor into the nasal cavity, Meir Rakocz, John Keating and Theodore P. Croll, No. 4, p. 338

The treatment of hypocalcified amalogenesis imperfecta in a young adolescent, Stanley A. Alexander, No. 1, p. 94

U

Use of lorezepam as premedication for apprehensive children, Gloria Cornejo, Luisa B. Araneda and Fernando Gallardo, No. 2, p. 136

V

Vasopressor syncope in children: Incidence and treatment, Curtis Kuster and Richard D. Udin, No. 3, p. 210
